

MARK ANGELO A. ISULAT

Software Engineer • Full-Stack Web Developer

Antipolo City, Philippines | 0948-679-3481 | markyisulat@gmail.com | markyisulat.dev | github.com/markPie29

PROFESSIONAL SUMMARY

DOST-SEI Scholar (R.A. 7687) and **Full-Stack Developer** with hands-on experience architecting scalable enterprise logistics systems, SaaS web applications, and responsive web platforms. Proficient across **React, Next.js, TypeScript, Node.js/Express, Laravel, and Supabase/PostgreSQL**, with a strong engineering focus on scalable database structures, Row-Level Security (RLS), and high-fidelity UI design.

TECHNICAL SKILLS

Frontend: React, Next.js, TypeScript, JavaScript (ES6+), Tailwind CSS, Shadcn UI, Framer Motion, GSAP, Vite

Backend: Node.js, Express.js, PHP, Laravel, RESTful APIs, Serverless Functions (Vercel, Netlify)

Databases & Cloud: Supabase (PostgreSQL, RLS, Storage), Firebase, MySQL, SQL Server, Vercel, Netlify, Docker

Languages: TypeScript, JavaScript, PHP, Python, Java, C#, Visual Basic, SQL

Tools & Ecosystem: Git, GitHub, Postman, Unity (Vuforia AR/XR), Figma, Zustand, TanStack Query, npm

PROFESSIONAL EXPERIENCE

Full Stack Web Developer (Intern) • Nexvision Innovations 2026

React, Next.js, Express.js, Supabase (PostgreSQL), Tailwind CSS

- Engineered and developed an enterprise-level Logistics Software System (SK Logistics Fleet Management System) covering core fleet tracking, trip dispatch, and corporate operations.
- Architected database schemas and Row-Level Security (RLS) policies in Supabase/PostgreSQL for secure multi-tenant access.
- Delivered full-stack features and proactively debugged edge cases to maintain 99.9% uptime and system stability.
- Mentored and led a team of developer interns, establishing Git branching workflows, code reviews, and codebase best practices.
- Authored full project turnover and handover documentation for delivered production platforms.

Freelance Web Developer • Independent / Marked Media 2024 – Present

React, Next.js, Tailwind CSS, Supabase, Laravel, TypeScript

- Built and shipped client-facing web applications translating business requirements into high-impact, user-centered digital products.
- Architected database models, authentication systems, and cloud deployments with 100% on-time milestone delivery.
- Managed end-to-end client communications, project scopes, API integrations, and continuous production deployments.

Project-Based VA & Content Strategist • Marketing Hive 2024 – Present

Figma, Adobe Photoshop, Canva, CapCut

- Engineered digital campaign assets and landing touchpoints for international clients to optimize conversion funnels.
- Executed audience analytics and trend research, boosting organic engagement metrics and multi-platform reach.

Multimedia Designer & Developer Trainee • AP Global IT Solutions Inc. 2023

React, JavaScript, CSS3, Figma

- Assisted engineering teams with frontend web development tasks, UI adjustments, and reusable React components.
- Balanced technical frontend implementation with creative design execution in a fast-paced environment.

SELECTED FULL-STACK PROJECTS & SYSTEMS

SK Logistics Fleet Management System • Enterprise Client Platform 2026

React, Next.js, Express.js, Supabase (PostgreSQL), Tailwind CSS

Enterprise logistics platform handling dispatching, real-time fleet maintenance, and company operations. Implemented role-based access control (RBAC), Garage Coordinator module, and Employee Self-Service portal with automated audit logs.

[Personal Portfolio & Admin CRM Dashboard](#)

React, Vite, TypeScript, Tailwind CSS, Supabase, Node.js, Vercel

Full-stack portfolio integrated with a custom CRM and Admin Dashboard to manage client inquiries, project showcases, calendar bookings, and real-time Discord webhook notifications.

[URSAC Hub Marketplace](#)

Laravel, PHP, MySQL, JavaScript, Tailwind CSS, Docker

Centralized university platform combining student organization announcements/events with an e-commerce campus merchandise marketplace, inventory management, and multi-role authentication.

[AR-DUINO • AR Based Mobile Application](#)

Unity 3D, Vuforia AR, C#, React, Tailwind CSS

Augmented reality educational application simulating Arduino hardware projects and visualizing electronic components in 3D AR space, accompanied by an interactive web showcase landing page.

URSAC Hub Social 2024

Laravel, Firebase, Tailwind CSS, JavaScript

Campus-exclusive social media platform enabling university students to publish posts, join discussions, interact via likes/comments, and engage directly with student organizations.

Kado Kofi Booking Portal

React, Next.js, Supabase, Tailwind CSS, Figma

Developed booking engine and landing page touchpoints for a cafe brand operating across Marikina & Greenhills, optimizing coffee cart reservations and customer inquiry flows.

STATIC WEBSITES & CONCEPT LANDING PAGES

The Glow Bar

Next.js, Tailwind CSS, Shadcn UI, TypeScript

Bespoke brand showcase and booking web application designed for a luxury skin and wellness studio featuring soothing aesthetics, interactive treatment catalogs, and responsive layouts.

Top Notch Constructions

Next.js, Tailwind CSS, Shadcn UI, TypeScript

High-impact digital portfolio and project showcase web application engineered for a commercial and residential construction firm, featuring structural galleries and quotation request flows.

Doze Beauty Lounge

React, Tailwind CSS, Shadcn UI, Figma, TypeScript

Modern booking and brand showcase web application designed for an all-in-one beauty sanctuary and cozy café in Antipolo City, featuring soft pastel aesthetics and package breakdowns.

EDUCATION

Bachelor of Science in Computer Engineering (BSCpE) 2023 – Present

University of Rizal System – Antipolo Campus • DOST-SEI Undergraduate RA 7687 Scholar

LEADERSHIP & HONORS

- **Vice President** — College of Engineering Student Council (AY 2025–2026)
- **Delegate (Marked Media)** — Echelon Philippines 2026
- **DOST-SEI S&T; Scholar** — Department of Science and Technology (R.A. 7687)
- **Consistent Honor Student** — Junior High & Senior High School

CERTIFICATIONS & ACHIEVEMENTS

- TESDA Online Program: Microsoft Digital Literacy Completer
- freeCodeCamp: Legacy Responsive Web Design V8 Certification
- Nexvision Innovations Inc. — Completed Developer Internship
- AP Global IT Solutions Inc. — Completed Trainee Internship
