Print & Publication: Apparel & Shirt Design, Sports Jerseys, Promotional Graphics, Posters, Pubmats, Photo Manipulation

Video & Motion: CapCut, Short-Form Promotional Video Editing, Simple Motion Graphics, Campaign Creatives

Social Media Management: Content Planning & Scheduling, Trend Research, Audience Engagement Support, Brand Strategy

Supporting Technical Skills: React, Next.js, Tailwind CSS, HTML5, CSS3, JavaScript (fluent design-to-code handoff)

PROFESSIONAL EXPERIENCE

Project-Based VA & Content Strategist • Marketing Hive 2024 – Present

Adobe Photoshop, Canva, CapCut, Figma

- Designed high-converting graphic assets and edited short-form promotional videos for digital marketing campaigns across platforms.
- Managed social media operations including content planning, scheduling, audience engagement support, and market research.
- Conducted trend analysis to boost audience reach, interaction metrics, and brand visibility for international clients.
- Maintained consistent visual identity and high asset quality while delivering on tight operational deadlines.

Freelance Multimedia Designer & Web Developer • Marked Media 2024 – Present

Figma, Adobe Photoshop, Adobe Illustrator, Canva, CapCut, React

- Delivered publication materials, visual branding packages, promotional graphics, and UI/UX concepts for diverse clients.
- Translated client requirements into high-impact digital products, brand books, and user-centered designs.
- Collaborated directly with business owners and organizations to execute design roadmaps, managing client communications independently.
- Managed end-to-end client communications, project scopes, and strict delivery timelines independently.

Full Stack Developer (Lead Intern / UI/UX) • Nexvision Innovations 2026

Figma, React, Next.js, Tailwind CSS, Supabase

- Engineered UI/UX design architecture and design systems for enterprise logistics software (SK Logistics Fleet Management System).
- Collaborated on frontend UI components, responsive layout alignments, and complete project documentation.

Multimedia Designer & Developer Trainee • AP Global IT Solutions Inc. 2023

Canva, Figma, CapCut, React

- Produced visual and digital marketing assets for corporate branding and client-facing publication materials.
- Balanced technical frontend implementation with creative design execution in a fast-paced environment.

UI/UX DESIGN & WEB PROTOTYPES

The Glow Bar • the-glow-bar.vercel.app

Figma, Next.js, Tailwind CSS, Shadcn UI

Designed serene, wellness-focused UI/UX design language and digital brand experience for a high-end skin and body wellness studio, featuring treatment catalogs and smooth client inquiry touchpoints.

Doze Beauty Lounge • doze-beauty-lounge.vercel.app

Figma, React, Tailwind CSS, Shadcn UI

Crafted bespoke pastel UI/UX design in Figma showcasing luxury nail/lash care services, café beverage menu, and seamless booking workflows for an Antipolo sanctuary concept.

Top Notch Constructions • top-notch-construction-iota.vercel.app

Next.js, Tailwind CSS, Shadcn UI, Figma

Constructed an industrial-modern visual hierarchy and interactive project showcase web application for a commercial and residential architectural firm, emphasizing structural project galleries.

Kado Kohi Booking Portal • kadokohi.com/book/coffee-cart

Figma, React, Next.js, Supabase

Designed UI/UX and developed landing page features for Kado Kohi cafe (Marikina & Greenhills), streamlining coffee cart reservation user flows and mobile responsiveness.

AR-DUINO Experience • ar-duino-website.vercel.app

Unity, Vuforia, 3D Spatial UI, Web

Designed 3D spatial user interface and augmented reality component visualizers for microcontroller learning, accompanied by a clean marketing landing page.

BRAND IDENTITY & CREATIVE SYSTEMS

Hope For Angels Rebranding

Adobe Photoshop, Illustrator • Featured

Rebranding campaign for an animal rescue shelter; designed logo identity, brand guidelines, and 3 shirt merchandise concepts.

ACCESS Brand Identity & Apparel

Illustrator, Photoshop, Canva • Featured

Official brand identity, event pubmats, and designed the official computer engineering course shirt that became a campus favorite.

PureHubs Nutrition

Photoshop, Illustrator, Canva • Featured

Designed modern product packaging labels and targeted Facebook advertising collateral establishing a clean health brand presence.

College of Engineering (URSAC)

Adobe Photoshop, Canva

Designed official tournament sports jerseys, campus fair shirts, and event publication materials for the student council.

LVME Cafe

Adobe Photoshop, Canva

Developed logo monogram, visual brand identity, and packaging materials with a minimalist modern aesthetic.

Bola Pickleball PH

Adobe Photoshop, Canva

Produced high-energy sports publication materials and dynamic social collateral for a premier Philippine pickleball brand.

Franchising PH

Adobe Photoshop, Canva

Created corporate social media assets and campaign graphics reinforcing professional business identity.

Email AD Designs Collection

Figma, Canva, Photoshop, Klaviyo

Curated collection of high-converting promotional email ad campaigns and visual assets for diverse e-commerce brands.
